👤 PROFILE

I am a tenacious Software Engineer with many useful and transferable skills acquired through years of experience as a Culinary Expert. I am a driven individual, always wanting to learn and continue developing new skills.

👥 PROJECTS

That's the Spirit! - Capstone

A Punny Web application that allows users to find and learn how to make new Cocktails. There is a search function with as well as a library with the cocktail name and image because we all eat with our eyes first! If a user likes a cocktail, they can rate and/or favorite the cocktail. A user is also given recommendations based on their favorite drinks and can even send other users recommendations!

Technologies used:

HTML | CSS | Javascript | Python | Flask | Bootstrap | JQuery | Jinja | WTForms | Postgres | SQLAlchemy

PHB Hoolihans Minecraft Modding Team
January 2021 — Present

Part of a team of Software Engineers modifying and creating code for Minecraft. Building Java scaffolding tools for Dev environment and python development (OOP). Developing new blocks for various "missing blocks" such as glass stairs and slabs.

🎓 EDUCATION

Software Engineering, Springboard
January 2021 — Present

Sharpening my skills with DOM Manipulation, Ajax, React, and more. Extensive exercises and coding reviews throughout each lesson and language. Over 800 hours of software engineering curriculum and training while working with established industry experts and building in-depth capstone projects covering front, back, and full stack web development.

Certificate of Culinary Arts, Le Cordon Bleu College of Culinary Arts-, Seattle
July 2010 — June 2011

💼 EMPLOYMENT HISTORY

Head Chef at Mox Boarding House, Bellevue
October 2014 — September 2020
